SAN DIEGO CITY COUNCIL DISTRICT 6

CONVOY • KEARNY MESA • MIRAMAR • MIRA MESA
SORRENTO VALLEY • UNIVERSITY CITY • SCRIPPS RANCH

Hello Neighbors,
We were thrilled to officially break ground on Mira Mesa Community Park's Phase II updates. Our community has been eagerly awaiting these upgrades, and progress is finally underway. From a new competition-sized aquatic complex to much-needed renovations to the recreation center, upgraded playgrounds, ball fields, and new public plazas—Mira Mesa is getting the investments it truly deserves. A special thank you to our local community leaders from the Mira Mesa Town Council, Rec Council and Community Planning Groups for their tireless advocacy and support!

Our team looks forward to attending some great upcoming Fall events in Mira Mesa, including the Mira Mesa Street Fair on October 5th and the Fall Festival & Movie in the Park on October 19th. We'd love to see you there, so be sure to stop by our booth at the Street Fair to say hello and grab some treats!

For those traveling during the holidays, we have an exciting update from the airport: the San Diego International Airport's New Terminal 1 Parking Plaza is officially open! This first phase includes 2,834 parking spaces across five levels, express ramps, and improved accessibility, all steps away from Terminal 1. The plaza features 519 spaces for clean vehicles including electric and carpool options, and 34 EV charging ports, which will expand to 65 by October... a big step forward in enhancing the travel experience for our region!

Finally, the City is seeking property owners and managers to submit available sites for purchase or lease that can function as shelters through a Request for Information. Submissions are due by Monday, October 7th, at 4:30 p.m., with questions accepted until Friday, September 20th, via email at ShelterRFI@sandiego.gov.

Warm regards,

Councilmember Kent Lee

As always, if you have any concerns, don't hesitate to contact our office. Please reach out to our Mira Mesa Community Representative, Ana Serrano, at AISerrano@sandiego.gov.

Traffic Mitigation Needed in the Mira Mesa Community Plan

By Jeff Stevens

The Mira Mesa Community Plan was adopted by the San Diego City Council in December 2022. The Mira Mesa Community Planning Group made a set of recommendations to correct deficiencies in the Community Plan. Those deficiencies include insufficient public facilities; inconsistencies with City standards, unmitigated impacts and wishful thinking. The complete set of recommendations can be found at this link. This is the fifth in a series of newsletter articles discussing these deficiencies and recommendations for correcting them. The traffic recommendation is:

> The PEIR (Program Environmental Impact Report) only considers VMT (Vehicle Miles Traveled) and has no analysis at all of traffic congestion. This may meet the legal requirements, but for current residents this is a big issue. The traffic study did analyze congestion and showed that all major intersections at rush hour are at level of service F. **The City needs to complete its section of Carroll Canyon Road as soon as possible and assess other traffic improvements throughout the community that reduce traffic congestion.**

The City is trying to encourage development that is closer to where people work. The Vehicle Miles Travelled metric means that the City calculates the expected amount of miles people will travel based on the type of development and employment locations. So, for example, high density development near the employment centers in Sorrento Mesa gets a low VMT, which is what the City wants. The problem is that this is the only metric they are considering. In prior community plan updates, the EIR would evaluate congestion at all intersections and on all road segments. The City did in fact do a traffic study that evaluated these impacts, but did not include the results of that study in the EIR. The traffic study shows terrible congestion at most intersections and along most major road segments if the Community builds according to the new Community Plan. The first part of the recommendation is therefore to do mitigation for the traffic congestion that is predicted to appear.

The second part of the recommendation is to complete Carroll Canyon Road. The Three Roots and Stone Creek developments will complete Carroll Canyon Road from just west of Camino Santa Fe to I-15, but the City is responsible for building the segment that passes through El Camino Memorial Park. A feasibility study showed that this segment would cost about $53 million to build, so it is likely to take State of Federal money to do it.
The full Mira Mesa Community Plan can be found at this link:
https://miramesacommunityplanninggroup.org/mira-mesa-community-plan/.

Shh... Definitely Don't Tell Anyone About This Banned Book

You should be able to read what you want, without the government slamming the book closed. San Diego County Supervisor Terra Lawson-Remer hosted an event at the Encinitas Library September 23, 2024, in honor of Banned Books Week, an annual celebration of the freedom to read sponsored by the American Library Association.

"We've taken a stand to support our County library staff and protect the freedom to read for San Diegans," Lawson-Remer said. "It's unfortunate that extremists are trying to silence authors and keep books off shelves. I want all San Diegans to know that our 33 County libraries are safe places to read what they'd like."

Editor's note: As well as events at San Diego County Libraries (SDCL) such as Encinitas, Banned Books Week also was celebrated during the last week of September with displays and events at the Mira Mesa Library and other San Diego City (San Diego Public Library, or SDPL) libraries.

World Teachers' Day

By Kaanchan S Farkiya

Teachers' Day, celebrated on different dates around the world, honors the dedication, hard work, and valuable contributions of educators. UNESCO (The United Nations Educational, Scientific and Cultural Organization) proclaimed that the first World Teachers' Day would be celebrated on October 5, 1994. Various ceremonies and honors are given to teachers of the world who have surpassed expectations for the profession. Many countries hold competitions where special educators can be nominated to win the important teacher of the year title.

Teachers' Day serves as an opportunity to appreciate their efforts and the crucial role they play in shaping society by educating and inspiring future generations. Despite the challenges they often face, including limited resources and low salaries, teachers remain committed to fostering students' personal and academic growth, impacting their lives.

There are many fun and meaningful ways to celebrate World Teachers' Day. You can do the following ideas to show appreciation and gratitude for teachers:

Thank-you notes and Letters, Create a "Teacher Appreciation" Wall, Host a Teacher Appreciation Event, Gift a Plant or Flowers, Social Media Shoutouts, Create a Tribute Video, Personalized Gifts or Art Projects, Surprise Classroom Decoration, Organize a "Teacher Awards" Ceremony, Book Donations, Create a Teacher Playlist, Community Engagement Activities, etc. Get creative and let your gratitude shine! These ideas help to recognize and celebrate the amazing efforts teachers put in every day.

The tradition of honoring teachers goes back many years and has evolved into various forms worldwide. The idea became prominent in the 19th century when educators started being recognized locally for their contributions to learning and society. Over time, many countries established their versions of Teachers' Day on different dates, but all share the common purpose of celebrating and appreciating teachers.
