Planning for Parks is Inadequate and Inconsistent with City Standards

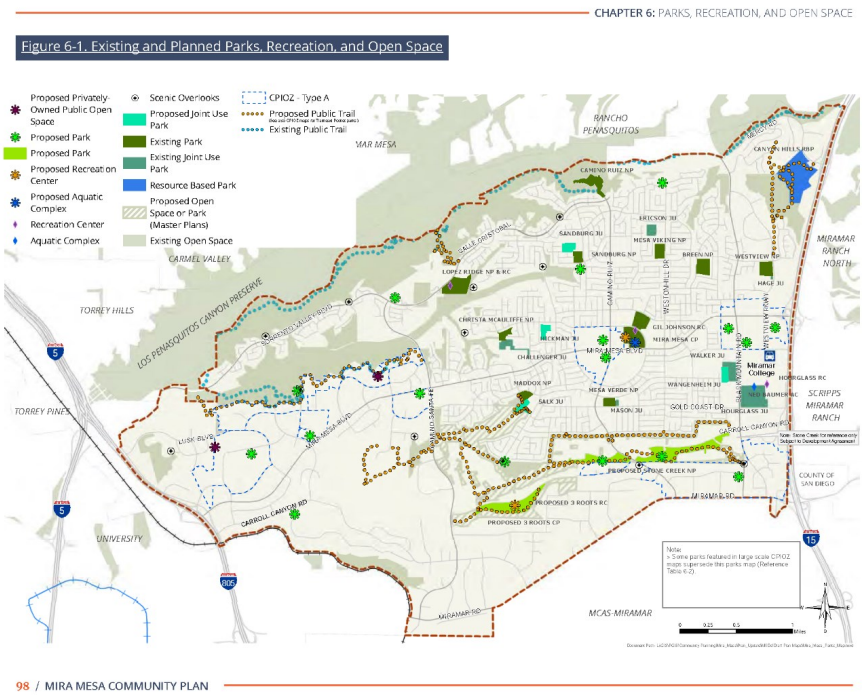
By Jeff Stevens

The Mira Mesa Community Plan was adopted by the San Diego City Council in December 2022. The Mira Mesa Community Planning Group made a set of recommendations to correct deficiencies in the Community Plan. Those deficiencies include insufficient public facilities, inconsistencies with City standards, unmitigated impacts and wishful thinking. The complete set of recommendations can be found at this link. This is the seventh in a series of newsletter articles discussing these deficiencies and recommendations for correcting them. The recommendation on parks is:

> The EIR for the Mira Mesa Community Plan has a section titled "Deterioration of Existing Neighborhood Parks and Recreational Facilities," which says the following: "The proposed project would result in a buildout of approximately 58,741 dwelling units and a population of approximately 143,000 residents by 2050. In order to maintain the Value Standard established by the City of San Diego for parks and recreational facilities, the community of Mira Mesa would be required to provide park facilities totaling 14,300 Recreational Value Points upon buildout under the proposed Community Plan Update. The existing and planned park facilities at this time totals 11,196 Recreational Value Points, leaving a deficit of recreational facilities. Due to the increase in population and the deficit of appropriate recreational facilities, it is possible the increased use of the facilities could result in substantial physical deterioration."
>
> The Value Standard was established in the Parks Master Plan to make it easier to meet than the previous acreage requirement. It is inexcusable to develop a new Community Plan that falls 3,000 points below the new standard.
>
> The Plan should be amended to identify an additional 3,000 points of Park Value.

Before the City adopted the Parks Master Plan in 2021, the City of San Diego General Plan defined park acreage standards based on population. The standard called for a 10 acre neighborhood park for every 5,000 residents and a 20 acre community park for every 25,000 residents. The 1992 Mira Mesa Community Plan met these standards for the anticipated future population of 82,500, but of course is well short of meeting the acreage standards for the anticipated population of 143,000.

Because it is becoming very difficult to acquire land for parks, the Parks Master Plan replaced the population-based standards with a point system that gave points for amenities in the parks as well as for park acreage. The main reason for this change was to make it easier for the City to provide parks without having to acquire land. However, the new Community Plan falls well short of meeting even this new, reduced standard. The recommendation is to identify an additional 3000 points of park improvements to be added to the Community Plan.



Parks in the 2022 Mira Mesa Community Plan

Hello Neighbors,

We hope you had a wonderful Thanksgiving holiday! Last week, we partnered with the San Diego Food Bank for our Thanksgiving Turkey Distribution at Challenger Middle School, and it was a huge success.

> Looking ahead, we're excited to host *Trees for Troops* on **Saturday, December 7, 2024, from 10 AM to 12 PM**. District 6 military and veteran families are invited to pre-register for a complimentary 5–6 ft. Douglas fir holiday tree. Reserve yours today at bit.ly/D6TreesforTroops, and pickup details will be emailed to confirmed registrants. Let's make this holiday season special together!

Road work is in full swing across Mira Mesa! The projects on Parkdale Avenue and Gold Coast Drive are still underway, while other stretches have seen exciting progress thanks to the City's new in-house mill and pave team. Late last month, Aqua Mansa Road—one of the City's worst-condition streets—received a much-needed facelift. Additionally, permanent repairs on 7600 Carroll Road, from Miramar Road to Kenamar Drive, are now complete thanks to our hardworking crews.

We appreciate residents' patience during this critical work and remain committed to improving roads both big and small. As we fight to secure funding for more repairs, please report street maintenance issues through Get It Done to help us track and address community needs. Together, we're making progress for safer, smoother streets in Mira Mesa.

A big thank-you to Mira Mesa's Cub Scout Pack 1209 Webelos Den for inviting me to speak about voting and elected officials. It was a joy connecting with the scouts and their parents while supporting their learning goals.

Lastly, the City of San Diego is seeking residents to join a user research panel to help improve the *Get It Done* platform for reporting non-emergency issues. Participants will engage in a one-hour interview (in-person or virtual) between **December 9–20, 2024** and will receive a $50 gift card upon completion. Your input will help shape the platform's future and enhance city services. Complete the screening survey to express your interest:

I hope you all enjoy the holidays, spend quality time with loved ones, and create cherished memories. Here's to a safe and joyful season for everyone!

Warm regards,

Councilmember Kent Lee

Dear Friend,

In case you haven't heard, Medicare Open Enrollment has started! This is your time to choose or change your Medicare health plan and prescription drug coverage for next year. We've made some important improvements to Medicare so keep reading to learn more about how we're lowering your health care costs.

In 2022, Democrats passed the Inflation Reduction Act. (Fun fact: I presided over the House floor during its passage!) This law gave Medicare the power to negotiate lower prescription drug prices. As a result, Medicare has capped the cost of insulin at $35 per month for seniors.

Starting this January, total out-of-pocket costs for prescription drugs will be capped at $2,000 per year under Medicare, no matter how expensive your medications are. That means that seniors will never pay over $2,000 per year for prescription drugs covered by Medicare – even for expensive drugs that treat cancer, chronic illnesses, or anything else.

Along with these cost-saving benefits, thanks to Democrats, Medicare negotiated with pharmaceutical companies to lower prices for 10 of the most expensive and common prescription drugs under Medicare. These benefits will go into effect in 2026, and Medicare will keep negotiating more prescription drug prices.

That's why every senior in our community should take advantage of these new, lower-cost Medicare benefits and look into your drug coverage for 2025 during this year's Medicare Open Enrollment.

You can learn more about these benefits and ensure you're enrolled in the Medicare Part D plan that's best for you at Medicare.gov. From now until December 7th, you can compare and change your 2025 coverage.

I'm working hard to ensure everyone can find and afford the health care that meets their needs, and I'm proud of the progress we've made so far. But I know there's still a lot of work left to do – so I won't quit fighting to lower costs and help families in San Diego.

Ready to Reach New Heights, Together

There's a lot of organizing, advocating, and work that lies ahead! I know we can do it — just take a look at some of the things we've been able to accomplish together in the last four years:

Expanding access to affordable healthcare, including mental health services

Holding corporate landlords accountable for their role in driving up housing costs

Fighting to protect our environment like our actions on the Tijuana River sewage crisis and safeguarding our water quality and coastline

Significantly improving labor protections for San Diego workers, including working conditions, improving wages for tens of thousands of working families, and cracking-down on wage theft

Standing up for the U.S. Constitution and San Diego County families by establishing the nation's first ever Immigrant Legal Defense Program in a border county

Protecting public safety and embracing better solutions to homelessness and behavioral health challenges by pioneering "Safety Through Services" Strengthening gun safety laws and using red flag laws to help protect us against firearm violence and untraceable ghost guns

Finally leveraging County government to combat homelessness through shelters, tiny homes, safe camping sites, and of course more mental health and drug/alcohol treatment services

Protecting reproductive rights by ensuring access to legal, safe abortions

There is still a lot to be done, and we will face challenges with the new Trump administration in D.C. But we will do it with enthusiasm, pride, and love for our communities. I am undeterred and committed to working to fight for District 3 and San Diego County!
