MMTC Meeting January 5, 2026

City Councilman Kent Lee will be our featured speaker at the January 2026 Mira Mesa Town Council meeting. The meeting will be held in the Mira Mesa Library at 7 PM on January 5th. Councilman Lee will swear in the new MMTC Board of Directors and will give a summary of the status and plans for Council District 6.

MMTC President's Message

As we begin a new year, I want to take a moment to reflect on the purpose of our Town Council and the responsibility we carry as representatives of this community.

January is often a month of reset—of setting priorities, aligning values, and recommitting to the work ahead. For our Council, that means continuing to listen, to show up, and to make thoughtful decisions that reflect the needs of the people we serve. While our work is not always loud or visible, it is steady, and it matters.

This year, I am committed to ensuring our conversations remain focused on what strengthens our neighborhoods: communication, transparency, and practical solutions that respect both residents and the long-term health of our community. Progress doesn't always come in big announcements—it often comes through consistency, collaboration, and follow-through.

As we move forward, I encourage residents to stay engaged, attend meetings when possible, and continue sharing their perspectives. A strong community is built through participation, not perfection.

Thank you for the trust you place in this council. I look forward to the work ahead and to continuing to serve with intention and accountability.

Respectfully,
Shane O'Garro
President, Mira Mesa Town Council

Mira Mesa Community Planning Group

Mira Mesa Community Planning Group
By Jeff Stevens, Chair Mira Mesa Community Planning Group

Are you interested in the future of the Mira Mesa Community? Have you ever seen a new development appear and wonder where it came from? Have you noticed that we currently have three major park projects including a new swimming pool in progress? How did that happen?

The Mira Mesa Community Planning Group has the responsibility to review all development projects for consistency with the Mira Mesa Community Plan and actively works to make sure that we have the parks and other public facilities called for in the Community Plan. Planning new projects often starts years before a single shovel of dirt comes out of the earth. For example, planning the Stone Creek project which will eventually redevelop Vulcan's property in Carroll Canyon (currently used for gravel mining) has been in progress since 2006. That is an extreme case but planning periods of a few years for large projects are common.

Public facilities also take a long time from proposal to completion. Parks and other public facilities are identified in the Community Plan but cannot be built until funding is available. Sometimes this can be done as part of a development project, but more often it is the City's responsibility. Until 2022 developers paid into a fund, the Facilities Benefit Assessment (FBA), that was designed to build all of the public facilities in the Community Plan. It was a long wait for enough money to accumulate to build a project, but it did give some assurance that the money would eventually be there and as a result most of the public facilities in the 1992 Mira Mesa Community Plan have been built. The City's Parks Master Plan terminated the community specific FBA programs so now all developer fees go into a citywide pot, and we must rely on the City Council to provide us with the money we need for facilities.

Park planning can also take a long time even when money is finally available. The Planning Group identifies park sites, but the Mira Mesa Recreation Advisory Group works on park design and holds public workshops during the park design phase. The workshops that led to the design for the pool and other features currently under construction at Mira Mesa Community Park were held in 2020.

Members of the Mira Mesa Community Planning Group are never surprised to see a new development because they have likely seen it years in advance. If you would like to be a part of this process, please consider attending Mira Mesa Community Planning Group meetings. We currently have vacancies for a business members and a property owner member, but residential vacancies occur frequently and even if you are not a member you can still participate in the presentations and discussions at the meetings.

For more information on the Mira Mesa Community Planning Group, see https://miramesacommunityplanninggroup.org/.

The Mira Mesa Community Recreation Group

The Mira Mesa Community Recreation Group (known as the Mira Mesa Recreation Council in past years) meets on the second Tuesday of each month at 7 PM at the Lopez Ridge Park recreation center. All residents and anyone interested in Mira Mesa parks and recreation are welcome and encouraged to attend. See https://miramesarecreationcouncil.org for more information. If you wish to be added to the email list to receive agendas and minutes, contact Jennifer Walsten, director of the Lopez Ridge Recreation Center at JWalsten@sandiego.gov.

Dear Mira Mesa,

Our coastline is one of San Diego's greatest treasures — essential to our economy, our environment, and our way of life. But right now, it's facing one of the most serious threats we've seen in decades. The federal government has proposed reopening Southern California's waters to new offshore oil drilling, reversing long-standing protections and putting our communities at real risk. We will not stand for this. We've beaten back Big Oil before, and with strong community support, we'll do it again. Thank you for staying informed and standing with us in this fight.

Go Pound Sand: San Diego Stands United Against New Offshore Drilling

Last week, I joined a packed People's Hearing in Encinitas, where residents made their voices unmistakably clear: Big Oil is not welcome on our coast. We loudly vowed to fight the Trump Administration over plans to renew offshore oil drilling on the San Diego coast and we have no intention of backing down.

Our environmental partners are mobilized too. Oceana, Surfrider Foundation, Wildcoast, and the California Coastal Protection Network are leading a powerful grassroots coalition grounded in lived experience.

We remember the devastation of the 1969 Santa Barbara spill and watched tar wash onto our own beaches days after the 2021 Huntington Beach disaster. The damage never stays local — and communities always pay the price.

That's why I brought forward a County action this week to formally oppose the Trump plan. Approved on a 4-1 vote, this item ensures the County opposes the Trump Administration's Draft Five-Year Oil and Gas Drilling Plan, supports Congressman Mike Levin's Southern California Coast and Ocean Protection Act (H.R. 2862) in our legislative agenda, coordinates with Governor Newsom, Attorney General Rob Bonta, and Southern California counties to build the regional firewall needed to keep new oil drilling out of our waters.

Instead of focusing on oil drilling, I am fighting every day to expand clean energy sources, which are cheaper and won't destroy our economy, health, and coastline. Californians deserve affordable energy and a clean and healthy environment — we refuse to be the dumping ground for big oil looking to make windfall profits at the expense of our well-being.

So I'm here to say to Donald Trump and Big Oil CEOs — go pound sand. California learned the hard way what happens when the oil industry calls the shots. Together, we will protect our coastline — and we will win.
